

As a recent resident of Lawton Oklahoma (I just moved here in February of this year), I was excited to find that K-LOVE radio station was available in this area. I listen to it every day on the way to and from work, and any other time I'm in my car - and at home I listen to many of the artists that I discover while listening to the radio in my car on a daily basis. Also my alarm is set to K-LOVE, it wakes me up every day. It starts my day on a positive note, that I carry with me throughout my day. It would be really disappointing if this station were no longer available here, as it is the only station that I listen to. I know that I am not alone in this opinion - so many in my community listen to this station as well. It is really hard to find such a positive and encouraging radio station these days - it would have a huge impact if K-LOVE were to be displaced by an LPFM broadcaster that provides other programming, there is no other station out there like K-LOVE. The service provided by K-LOVE I believe is vital to our community, it encourages so many of us, there is no other station like it here. My wish is that K-LOVE will always be available in our communities, it has a huge impact on so many people. Thank you for your consideration.
